AT CTI**

WHY BECOME A QUALIFIED FLOOR TECHNOLOGIST AND INSTALLER?

An apprenticeship in Flooring technology leads to many opportunities within our Industry. Once qualified you can be self-employed contracted with Choices Flooring and Style Interiors, or work as an employee for us or our alliance Industry partners. Whatever pathway you take you can be rest assured that your earning potential is set by you and the direction you take.

As a general rule of thumb, the high demand for qualified Flooring installers are at the top of trade as income earners. Flooring Installers as a career pathway have the opportunity to become a retail store owner, a sales or technical representative, work for a manufacturer, or in project management.

WHY DO AN APPRENTICESHIP?

An apprenticeship immediately offers entry to employment and valuable on-the-job experience while earning money as you learn. You will not pay tuition fees and you will make industry contacts from day one.

Apprenticeships are a great alternative to university by offering a more practical approach to learning. At CTI you will focus on training in a career in the Floor Technology trade. You will gain hands-on Industry experience and have the opportunity to apply your skills immediately. On completion, you will receive a nationally recognised qualification.

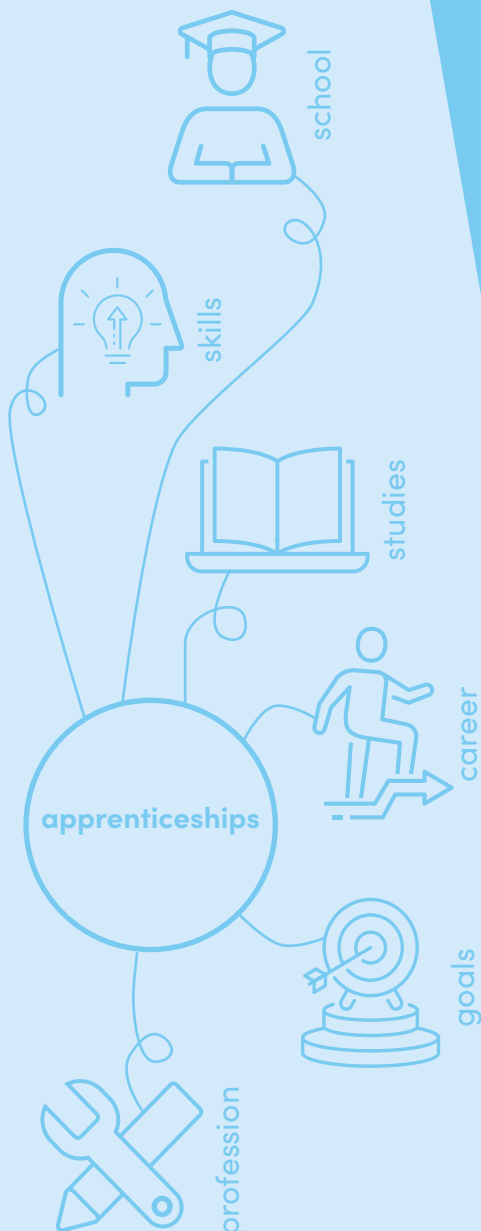

Enrolling in our apprenticeships provides skills and knowledge that prepares apprentices for our constantly evolving Industry and workforce. In addition, graduates have access to future employment pathways in management, retail sales, business ownership, manufacturing and project management.

In 2022, the Australian Floor coverings retailing industry is worth \$2.9 billions and the demand for Flooring Finishers/Installers is only projected to increase over the next five years!*

Developing skills is the Australian Government's highest priority. The National Skills Commission projects 27.7% of jobs in the Australian employment market till 2026 will require a qualified post-secondary certification (II, III or IV).**

Strong demand for flooring translates to many interesting work opportunities and for qualified flooring installers in the near future. It is estimated that employment opportunities for certified flooring installers will grow by 11%, similar to the average for other trade and technician careers by 2026.^

WHY WORK FOR US?

OUR GENESIS

Like many modern-day success stories, Choices Flooring can be traced back to humble beginnings.

In 1959 a small group of independent Victorian furniture retailers met to discuss the possibility of forming an association to maximise the effectiveness of their businesses in the face of increased competition from large, franchised organisations. As a result of this initial meeting, Newfurn Floor Coverings Ltd was formed.

Over 30 years later, in 1993, they launched the Carpet Choice brand with 17 stores in Victoria. Since then, after a further brand update, Newfurn has rapidly grown to include more than 165+ stores across Australia and New Zealand.

Since those early days, Choices Flooring has arguably become Australasia's most progressive retail floor coverings group and a major force in the Australian and New Zealand retail sector.

OUR QUALITY STATEMENT

At Choices Flooring and Style Interiors we are all about providing a best practice for our members, partners and customers. Best Practice in Systems, Best Practice in Service and Best Practice in Industry Training.

In 2021, Choices Flooring achieved certification to the internationally renowned ISO 27001 information security management system. To simply put it, we have been signed off by an independent authority

to a high standard of data protection to assure the integrity of our members, partners, and customers data when they do business with us.

An ISO 27001 accreditation is an internationally recognised structured methodology dedicated to information security, which defines the requirements for an Information Security Management System (ISMS).

OUR PHILOSOPHY AND COMMITMENT

At the heart of our business is our key promise to help our customers find the floor they have been searching for. With so many elements to consider in a decorating project, we help our customers design their interiors from the floor up. Our holistic approach ensures we support them in creating the perfect space for their lifestyle.

Embracing the latest product developments and styles, our new store layouts (incorporating touch-screen technology) and interior decorating training for our team members, are just some of the many ways in which we are helping to support a customer's decorating project. We are here to support our customers.

This philosophy extends to our training and to our employees, we are here to support our employees succeed and be the best that they can be for our Industry, and this is why we are an employer of choice!
